

Exhibit A
LET IT RIDE

Let it Ride
Version 5
05/06/2021

The minimum wager for Let It Ride is \$1.00 and the maximum wager is \$10.00. Let it Ride uses a standard 52-card deck.

Each player is dealt three cards, and the dealer will place two community cards face down. The object is to have a pair of tens or better to be paid.

To play this game you must place three equal bets before the deal. Three cards are then dealt to each player. After looking at the cards a player is given the option of pulling back one of their bets. If after looking at the three cards a player has a pair of ten's or better or feels they can improve their hands with the community cards they may choose to let the bet stand. Once the players have made their decision the dealer then turns over one on the community cards.

The procedure is then repeated as above, each player is given another opportunity to withdraw the middle bet or "let it ride". After each player has made a decision the dealer turns over the second community card.

The player's cards are then revealed and the bets which remain on the table are paid off according to the remaining bets at the following fixed odds:

Pair (10s or better)	1 to 1	Two Pairs	2 to 1
Three of a Kind	3 to 1	Straight	4 to 1
Flush	6 to 1	Full House	10 to 1
Four of a Kind	30 to 1	Straight Flush	60 to 1
Royal Flush	250 to 1		

Pair Plus Bonus Wager:

In addition to making the three wagers required in Let-It Ride you may place a \$1 - \$10 wager on the Pair Plus Bonus. This wager is made prior to the dealer dealing any cards and is dependent upon the 3 cards dealt to the player and the two community cards to make up the best 5 card hand for the player. In the event the player's hand qualifies to win the Pair Plus Bonus the following would be paid:

Straight Flush	40-1
Three of a Kind	30-1
Straight	6-1
Flush	3-1
Pair	1-1
