

Game Procedure to Tournament

The object of the sit and go tournament is that the tournament will begin as soon as 10 players have entered. There is not a set starting time. As the players begin to register, the period allowed for registration will be open until there are 10 people seated. There will be no alternates allowed and there is not a late entry period. There are no re-buys or add ons.

Entry fee is as follows: \$50.00 (FIFTY) \$75.00 (SEVENTY FIVE) \$100.00 (ONE HUNDRED) \$150.00 (ONE HUNDRED FIFTY) Concord Casino reserves the right to announce and designate the entry fee.

Equipment need for the Tournament will be as follows:

1 deck of 52 playing cards. The deck will be put in play as follows. At the start of the tournament the deck will be spread to ensure the deck is a correct and inspected deck with no damage or marked cards. At the end of each session when the break period occurs the deck will be spread back into it's starting position showing all 52 cards in order as they came out into play at the start of the tournament. This is to ensure that at all times the deck of playing cards is in it's original form.

1. Tournament chips adding up to the 10k (10,000) allotment of chips per player. The designation and starting bankroll to each player has been enclosed in this presentation and is noted at the end of the blind schedule.
2. Tournament clock. A clock will be used to determine the start of each level, duration and the start and duration of each break period. This clock will be tournament poker quality and an application will be downloaded to a tablet that will be kept on the table in full view of all players at all times. This clock will be the only determination of time used. There will be no other timekeeping done for this tournament or any other time keeping devices allowed.
3. 1 ALL IN button. This is to signify when a player is all in and his/ her chips are at risk of being eliminated.
4. There will only be 1 dealer designated to deal this tournament format.

The Tournament will start with each player receiving 10k (10,000) in tournament chips. The dealer button will start in the seat to the right of the dealer and the blinds will begin according to the blind chart noted in the tournament rules starting as level 1. The blinds will increase according to their blind chart every 10 (ten) minutes. Each player will be dealt 2 cards starting with the small blind. These are the pocket cards. The first action starts with the player to the left of the big blind and continues around the table, clockwise. These players can either call, raise or fold. After betting is complete, three cards will be dealt to the board as community cards, also known as the flop. Another round of betting will occur. After this round of betting a fourth card will be dealt known as the turn and another round of betting will occur. After this round of betting another card will be dealt known as the river and another round of betting will occur. All community cards dealt will have a card burnt between the flop, turn and river. The community cards can be used in any combination with the players two pocket cards to form
