

Texas Hold-em Multi-Table Tournaments

Exhibit A

Scheduled tournaments are multi-table tournaments which are posted and only run at certain times. These tournaments consist of different buy-in amounts, starting chips and have slightly different blind structures than a normal Sit-N-Go tournament. Prizes are awarded based on the number of entrants and the percentage of the rake in each tournament. Approximately 10% of the players in the tournament are awarded prizes (70 players 7 prizes awarded). Prize amounts vary based on number of players in a given tournament. Alternates will be seated if seats are available, unless otherwise stated. Alternates will be chipped off accordingly. (Based on the blinds) Standard TDA Rules as amended by will apply at all times.
