

Instructions For Completing the Lucky 7 Monthly Financial Report for Tickets Sold at Game of Chance Facilities (L7MFR-GOC)

GENERAL INFORMATION:

The Lucky 7 Monthly Financial Report - GOC (L7MFR-GOC) form must be completed to report revenue and expenses associated with Lucky 7 tickets sold at licensed Games of Chance Facilities.

This report must be completed using cash-based accounting - documenting earnings when you receive them and expenses when you pay them.

DO NOT use this form to report data for Lucky 7 tickets sold at Bingo events or at the regular meeting place of the organization (i.e. social clubs and fraternal halls). Lucky 7 tickets sold at Bingo events must be reported using the BL7MFR form, and tickets sold at social clubs and fraternal halls must be reported on the L7MFR-Clubs form.

This Excel workbook must be used to complete the report. DO NOT complete by hand, or otherwise subvert these imbedded formulas unless directed to do so by the Commission.

Shaded cells are protected because they contain formulas that will calculate and enter the results for you. Complete each tab in order; the information on a previous tab may be used to automatically populate cells on a subsequent tab.

If you receive an error message while completing the spreadsheet, or want to report other issues or concerns, contact the Licensing Unit at Licensing@lottery.nh.gov. DO NOT enter erroneous data to avoid an error message. Falsifying a report subjects the licensee to penalties including administrative fines and revocation of licensure.

The completed L7MFRs-GOC must be electronically submitted to the NH Lottery Commission no later than the 15th day following the month being reported. For example, for tickets sold in the month of March, the report must be received by the Commission no later than the 15th of April.

Upon completion, the leader of the organization or the organization's financial officer must email an electronic copy of the complete L7MFR-GOC workbook to Licensing@lottery.nh.gov.

The completed BL7MFR and all source documentation used to prepare the workbook must be maintained by the charitable organization for a minimum of 2 years and be made available to the Commission upon request.
